Northrop Grumman Space Systems at **SPACE PARK**

Northrop Grumman provides end-to-end space capabilities for a broad range of customers like NASA, the Department of Defense (DoD), US Air Force, US Space Force, and a variety of commercial entities.

Strategic Space Systems

Northrop Grumman's Strategic Space Systems Division (SSSD) provides strategic space solutions including national security, end-to-end space systems, mission communications, space exploration, protection, and directed energy.

Tactical Space Systems

Northrop Grumman's Tactical Space Systems Division (TSSD) is responsible for the company's national security satellites, resiliency and space security, civil and commercial satellites and spacecraft.

Payload & Ground Systems

Northrop Grumman's Payload & Ground Systems Division's (PGSD) portfolio includes a wide range of space ISR technology, spacecraft components, technical services and mission solutions for national security and defense customers.

Strategic Deterrent Systems

Northrop Grumman's Strategic Deterrent Systems Division (SDSD) is committed to providing a system that is capable, safe, secure and reliable – and ready at a moment's notice.

Also at **SPACE PARK**

Aeronautics Systems (AS)

Northrop Grumman AS is a premier provider of military aircraft, autonomous systems, aerospace structures and next-generation surveillance, strike and commercial solutions assisting customers worldwide.

Defense Systems (DS)

Northrop Grumman DS delivers full-spectrum defense capabilities that provide mission-ready, all-domain decisions and effects to a wide variety of national security, military and civil customers.

Mission Systems (MS)

Northrop Grumman MS is a technology leader in open, cyber-secure, software-defined systems for defense and intelligence applications across multiple divisions.
