

**NORTHROP  
GRUMMAN**

Welcome to

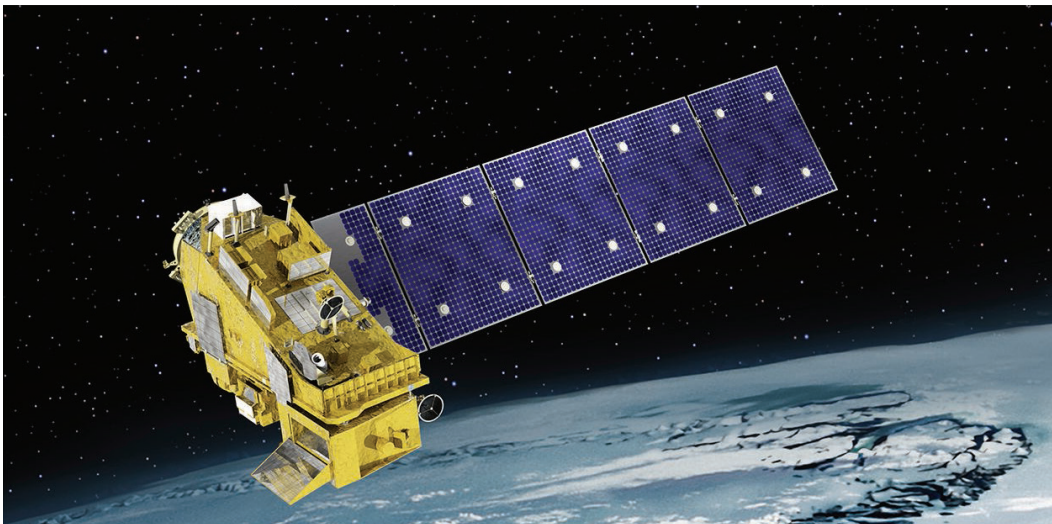

# **Northrop Grumman Gilbert, AZ**

1715 W. Elliot Road • Gilbert, AZ 85233 • 480.355.7000

# Gilbert, AZ

The Gilbert campus is located approximately 15 miles east of Phoenix and is home to the company's Arizona Satellite Manufacturing Facility (SMF), one of the largest and most advanced spacecraft manufacturing facilities in the United States. The recently expanded 235,000-square-foot facility can simultaneously accommodate multiple spacecraft from board-level manufacturing through full system integration and test, all under one roof and on the ground floor.

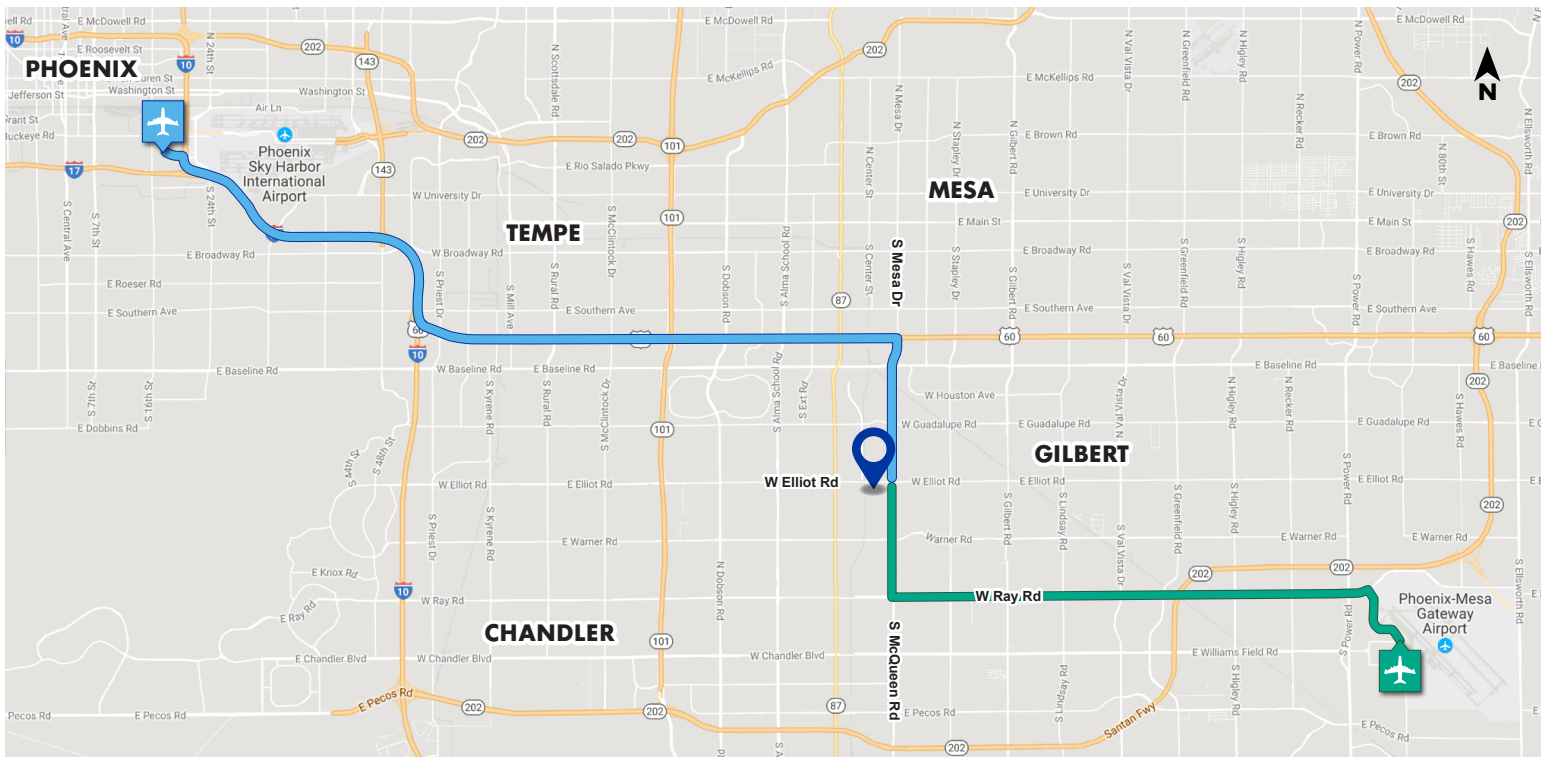

The Satellite Engineering Building (SEB) borders the SMF to the east, while the Headquarters & Engineering Building (HEB) is located on the north end of campus. The A15 Factory is located at the south end of campus. The A1 Building is located on the northeast corner.

# Gilbert

## Location and Directions

1715 W. Elliot Road • Gilbert, AZ 85233 • 480.355.7000
